

Alpine F1® Team Environmental Policy

In accordance with Groupe Renault environmental policy, Alpine F1® Team affirms its commitment to:

Protect the environment, notably reducing its environmental footprint by integrating life-cycle analysis and the principles of a circular economy.

Continuously improve its environmental practices and implement an Environmental Management System to ISO 14001.

Fulfil all obligations of compliance: legislation, regulation, and stakeholder requirements.

Reduce consumption of energy and water.

Waste disposal:
- sort and recycle.

Reduce adverse impact on air quality.

Control chemical hazards and prevent pollution.

The CEO and management team are committed to this policy and require all employees, contractors or agents working for or on behalf of Alpine Formula One Team to contribute to its implementation.
