

# ALPINE ICE DRIVING

WINTER 2022

10<sup>th</sup> and 11<sup>th</sup> December 2022

ALPINE

# A STATION – A TRACK

---

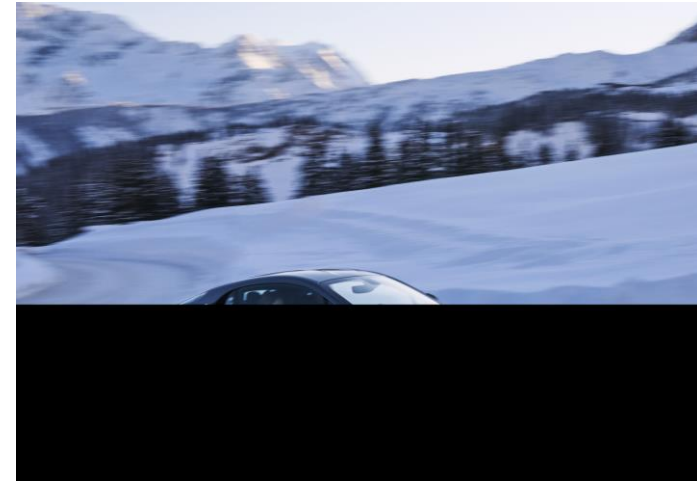

For the second edition of “La Piste Bleue Ice Driving”, Alpine offers the opportunity to experience unique drifting sensations and drive the A110 on ice in Val Thorens, the highest ski resort in Europe, in the 3 Vallées area.

The Alain Prost Val Thorens circuit, the highest circuit in Europe at an altitude of 2200 metres, has been chosen to host our programme La Piste Bleue Alpine - Ice Driving.

This altitude offers exceptional conditions including natural ice, made exclusively from water.

The 800-metre long and 10 to 12-metre wide circuit has been organizing the opening round of the Andros Trophy for over 30 years.

Alpine proposes a one-day program, on Saturday December 10<sup>th</sup> or Sunday December 11<sup>th</sup>.
