Get an additional 1-year of warranty*

WE'VE GOT YOU COVERED

You might think our shockingly affordable prices mean our cars aren't made to last. Actually, the Dacia range is one tough cookie. To prove it, you get a 3-year* warranty (or 60,000 miles, if you reach that first). This means we will replace any part which has been deemed by a Dacia approved dealer to be defective due to a manufacturing fault, free of charge. To keep the good times rolling, you can extend your warranty up to 7 years for a great price. We also give you a 2-year paintwork and 6-year anti-corrosion warranty, so you can kick back knowing that your Dacia will stay looking good-as-new for years to come.

ROADSIDE ASSISTANCE

Although our cars are built for plain sailing, you can rely on us if you have a breakdown – 24/7 365, wherever you are in the UK or Northern Ireland. This is available for the first 3 years / 60,000 miles after you buy your new Dacia.

VEHICLE EXCISE DUTY

The amount of Vehicle Excise Duty (Road Fund Licence) payable on new cars varies depending on the level of CO₂ (Carbon Dioxide) emissions produced by the vehicle and the type of fuel used. The table below illustrates the 'CO₂ banding' and, therefore, the amount of Vehicle Excise Duty payable. These bandings are effective from 1st April 2025 and supersede any previous bandings.

From 1 April 2025, registered keepers of electric, zero or low emission cars, vans and motorcycles will need to pay vehicle tax in the same way as registered keepers of petrol and diesel vehicles. This change will apply to both new and existing vehicles.

This new measure removes band A under the existing VED system which is currently £0. Vehicles in this band will be required to move to the first band where a rate becomes payable.

First licence rates for cars registered on or after 1st April 2025 based on CO₂ emissions and fuel type

*WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP fuel consumption and CO₂ figures are used to calculate Vehicle excise Duty on first registration and Company Car Tax Benefit in Kind. For more information on CO₂ banding and Company Car Tax Benefit in Kind go to www.cartax.renault.co.uk. Please visit renault.co.uk/configure for WLTP figures for any selected options. Cars with a list price of over £40,000 at first registration will pay the additional rate (£390) for 5 years from the start of the second licence. This excludes electric vehicles until 2025.
