A SENSE OF ADVENTURE

A single glance and you are already itching to escape with Dacia Sandero Stepway. Its sculpted bonnet, bold front end, protective features and high ground clearance give it the dynamic and robust style of an authentic crossover. Its LED headlights, Y-shaped brand light and glossy black grille give it even more character.

Live the adventure thanks to its EXTREME finish with an even more prominent outdoor spirit: Copper Brown door mirrors, alloy wheel rims and Glossy Black shark fin antenna. A unique style topped with distinctive elements featuring topographical patterns to better identify it. And with Extended Grip, get increased traction on difficult roads (fresh snow, sand, mud).

SAFE EVERY STEP OF THE WAY

For Dacia, nothing is more important than constantly improving the safety of our vehicles, and most of all, that of the passengers. What with automatic emergency braking, hill start assist, six airbags (standard) and blind spot sensor, you can relax. Dacia Sandero and Sandero Stepway provide everything you need for worry-free driving.

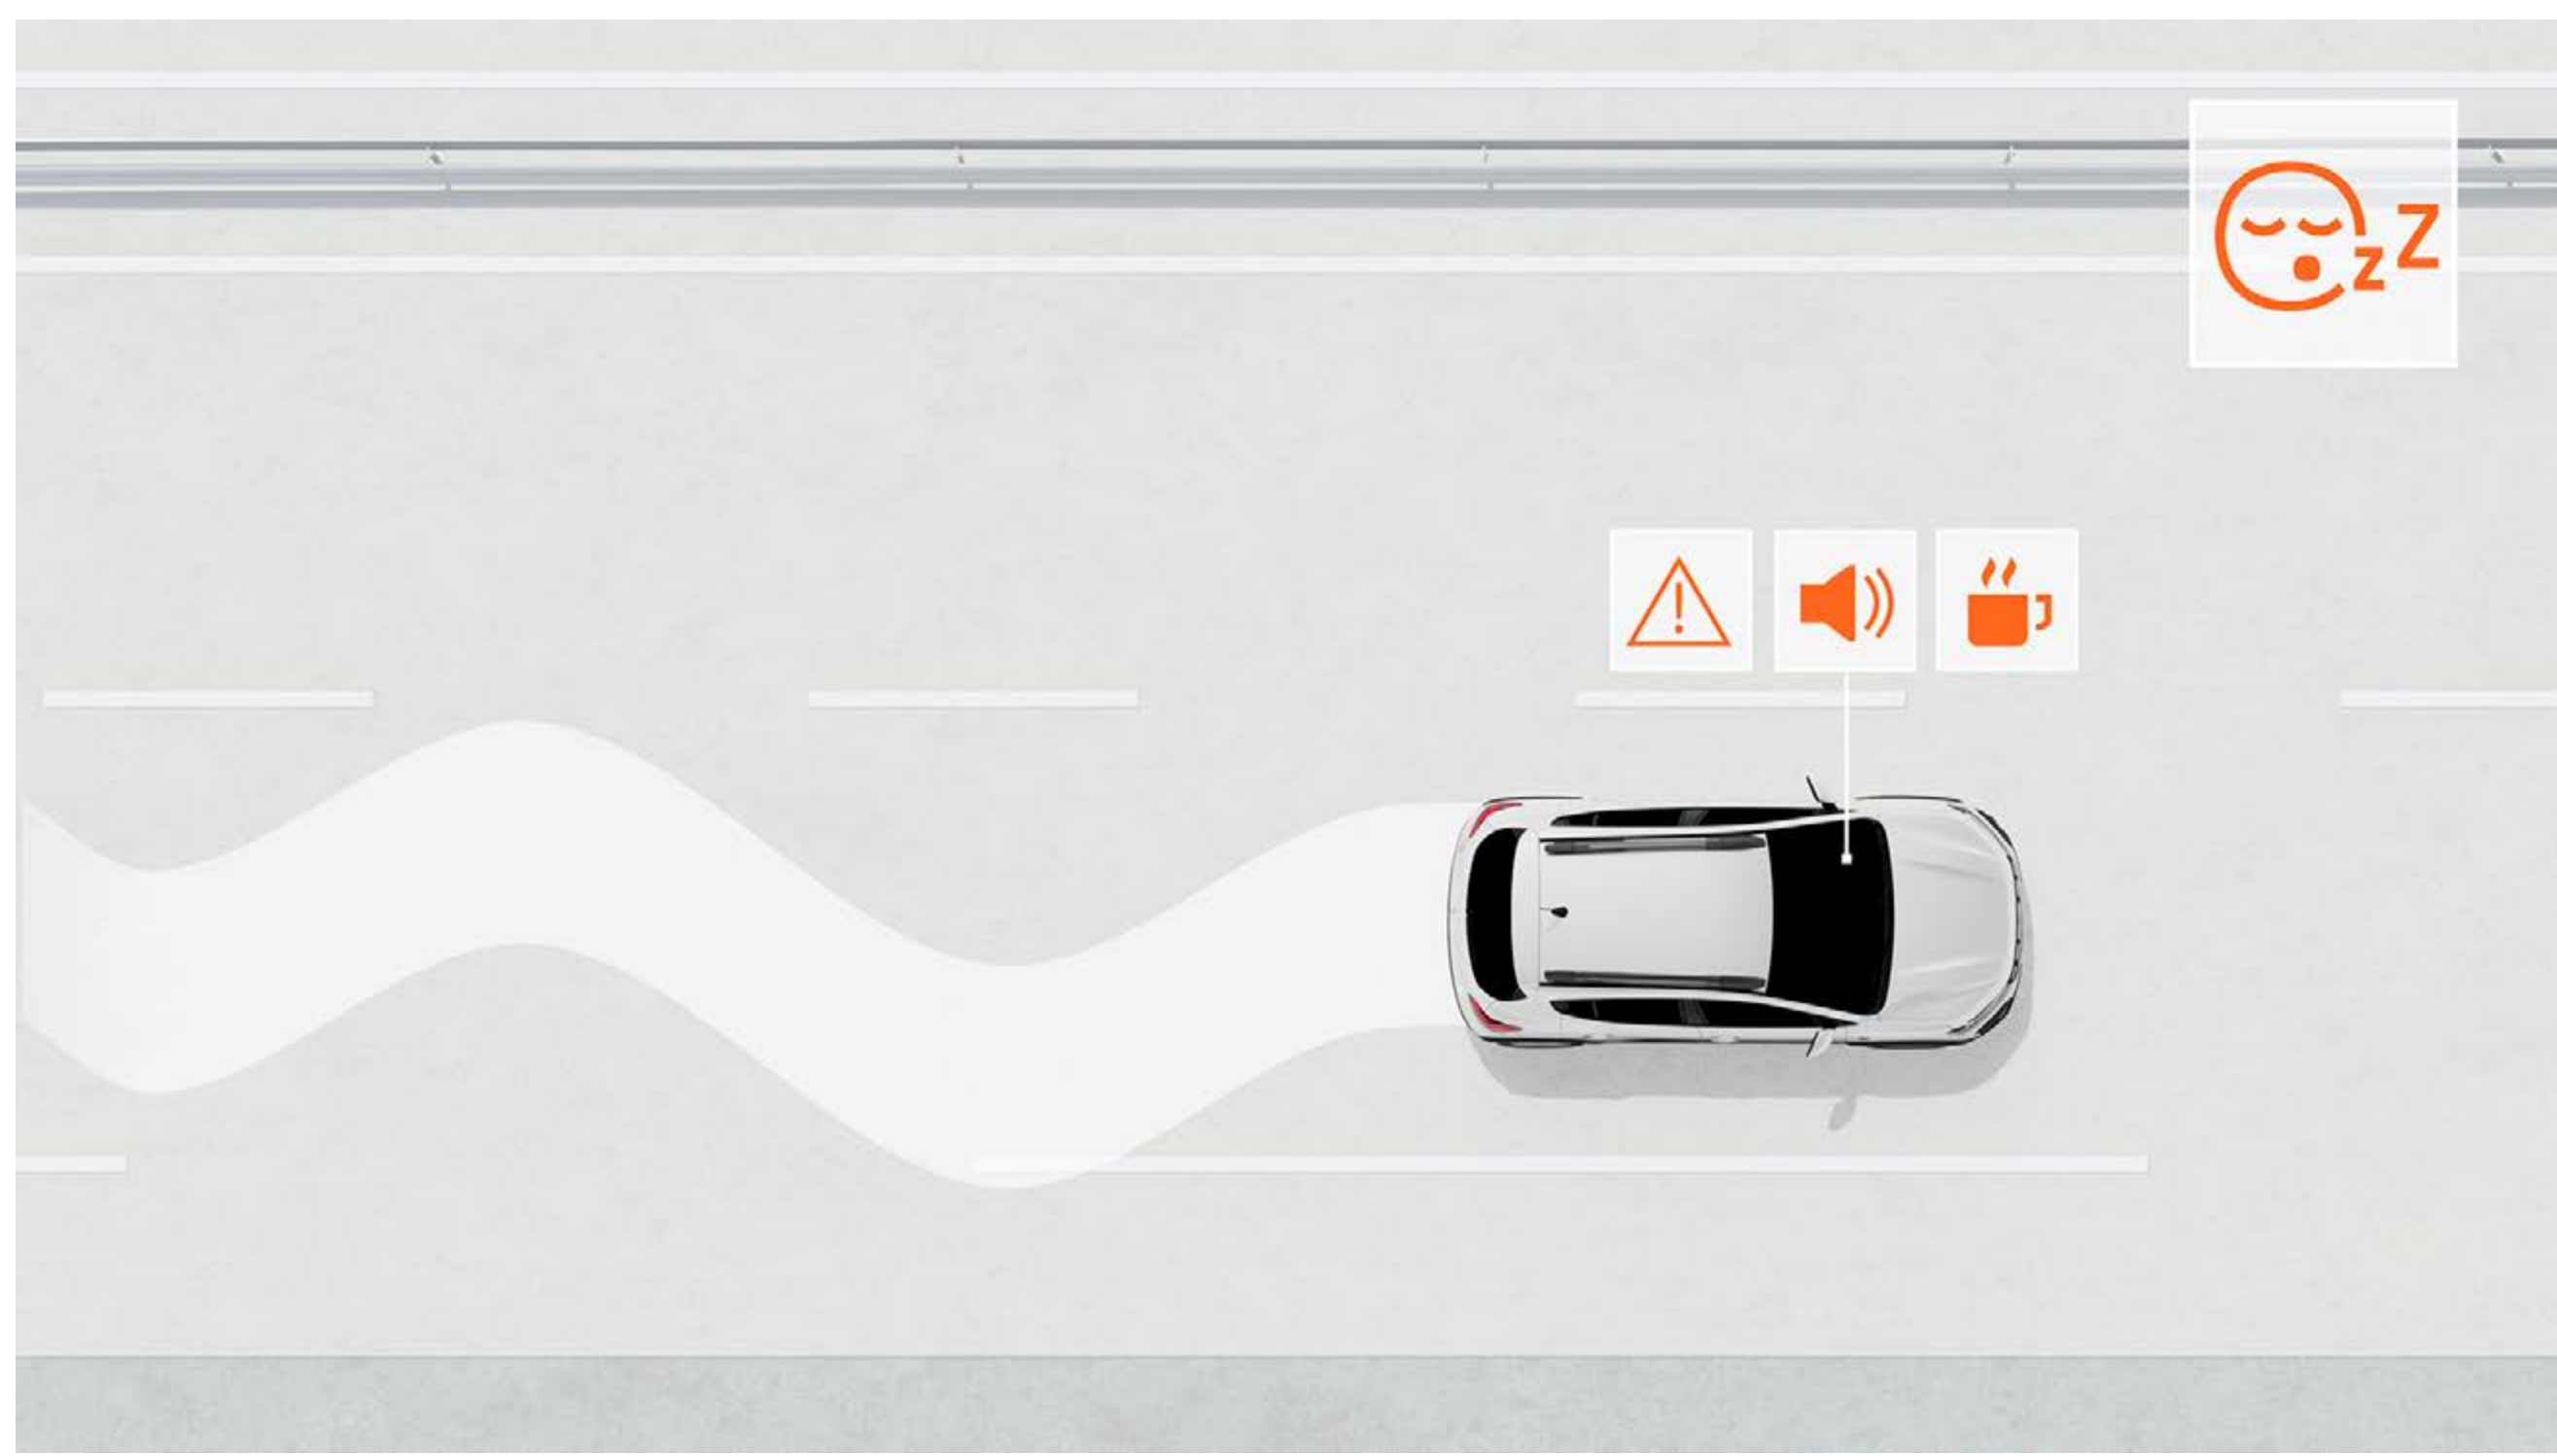

AUTOMATIC EMERGENCY BRAKING (AEBS) WITH PEDESTRIAN/CYCLIST DETECTION

This system prevents the risk of head-on collisions involving other vehicles, pedestrians or cyclists in a straight line or at junctions. It alerts the driver and can automatically brake the vehicle if necessary.

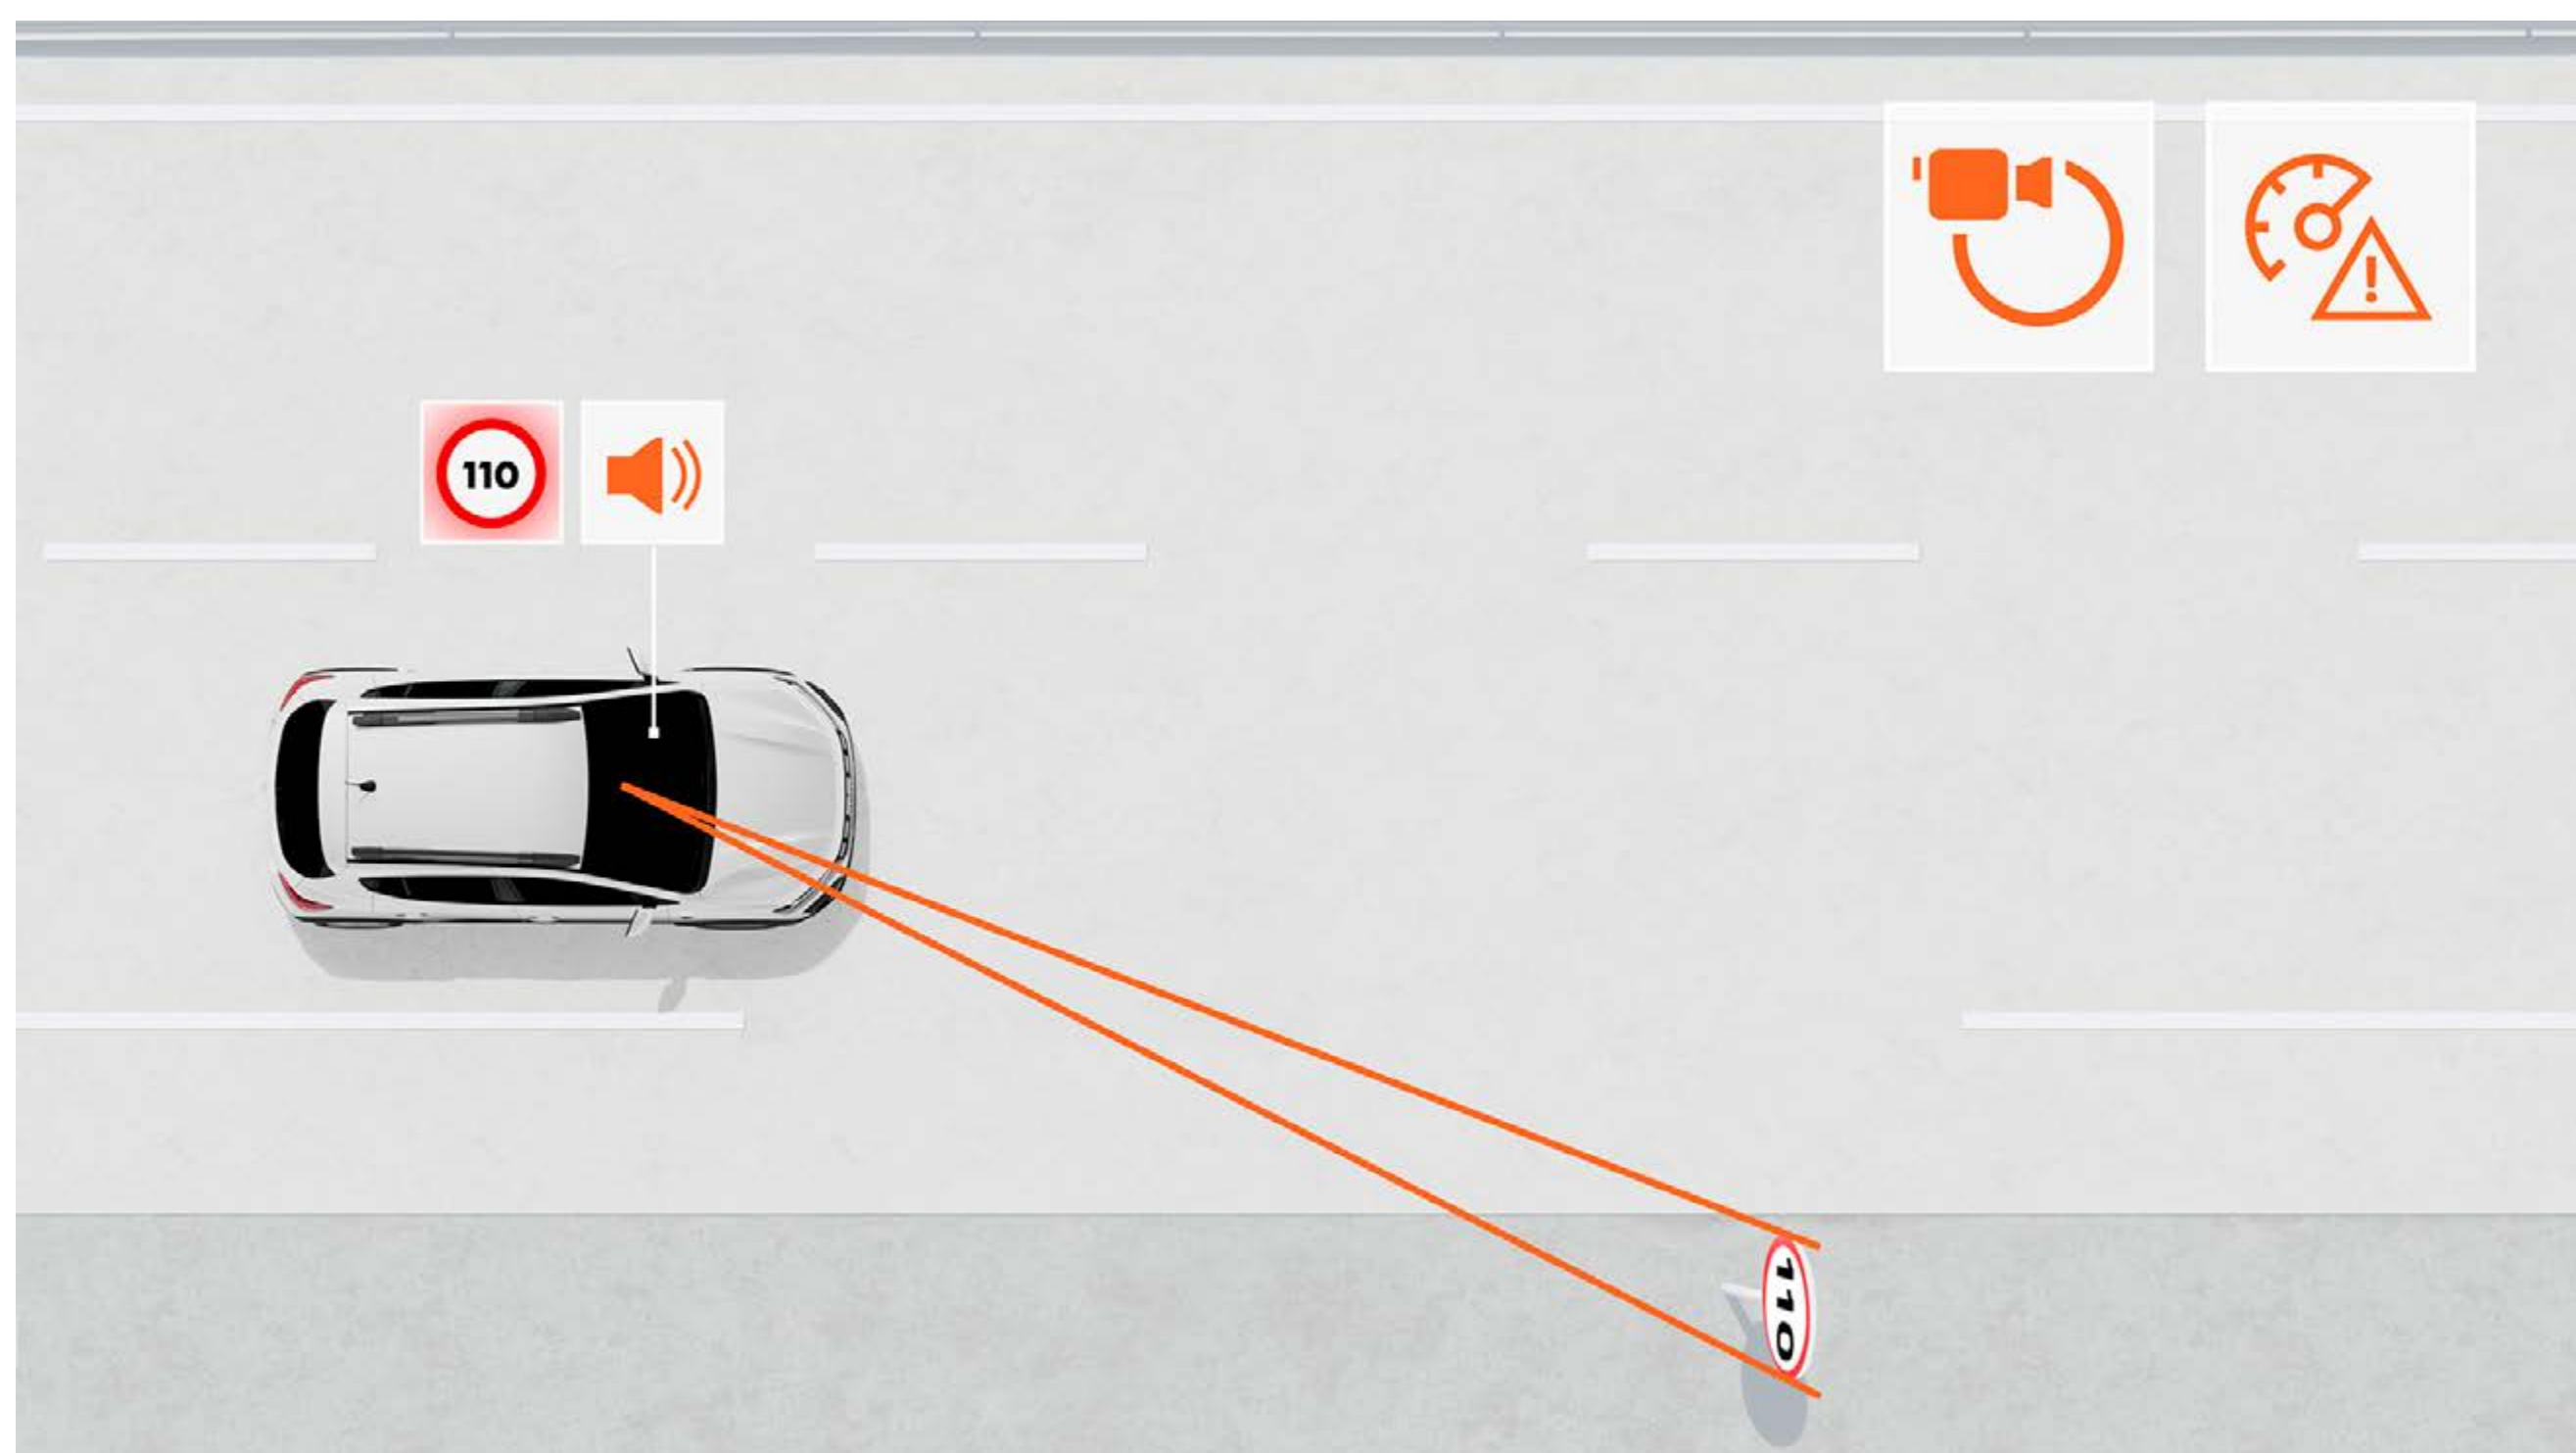

LANE KEEPING ASSIST

Monitors the vehicle's path in its lane and corrects it if necessary by automatically adjusting the steering.

DRIVER ATTENTION ALERT

Warns the driver if fatigue is detected by analysing several parameters, including steering wheel movements, to encourage him or her to take a break.

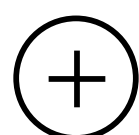

TRAFFIC SIGN RECOGNITION WITH SPEED ALERT

Provides a highly reliable, real-time indication of the maximum speed on the road ahead and warns the driver if the speed limit is exceeded with visual and audible alerts (which can be switched off).
