Our products have been developed to withstand the harshest environmental and climatic conditions and our paint protection has some of the most technologically advanced chemistry.

Paint protection

- Seals the surface against harmful acid rain and atmospheric pollutants.
- The paint sealant is professionally applied by trained technicians and all you have to do is wash the car. What could be simpler?

Interior protection

- Our technicians coat the seats and carpets with Interior Renault Guard.
- These products ease the removal of dirt and spills and prevent staining while preserving the texture and appearance of the interior.
- Dirt and spills can be vacuumed or wiped off with a gentle cleaning solution.
