athletic design

Wide shoulders and a muscular bonnet for an intensely proportioned design. The glossy black⁽¹⁾ roof highlights the elegance of the lines. Contrasting side protection elements⁽¹⁾ reinforce the dynamic silhouette.

Arising from the historic collaboration between the Renault and Alpine design teams, the esprit Alpine version asserts its dynamic character: 20" daytona black diamond cut wheels, exclusive matte shadow grey colour⁽²⁾, matte grey F1 blade at the front, glossy black roof, flush roof bars and distinctive badging⁽²⁾.

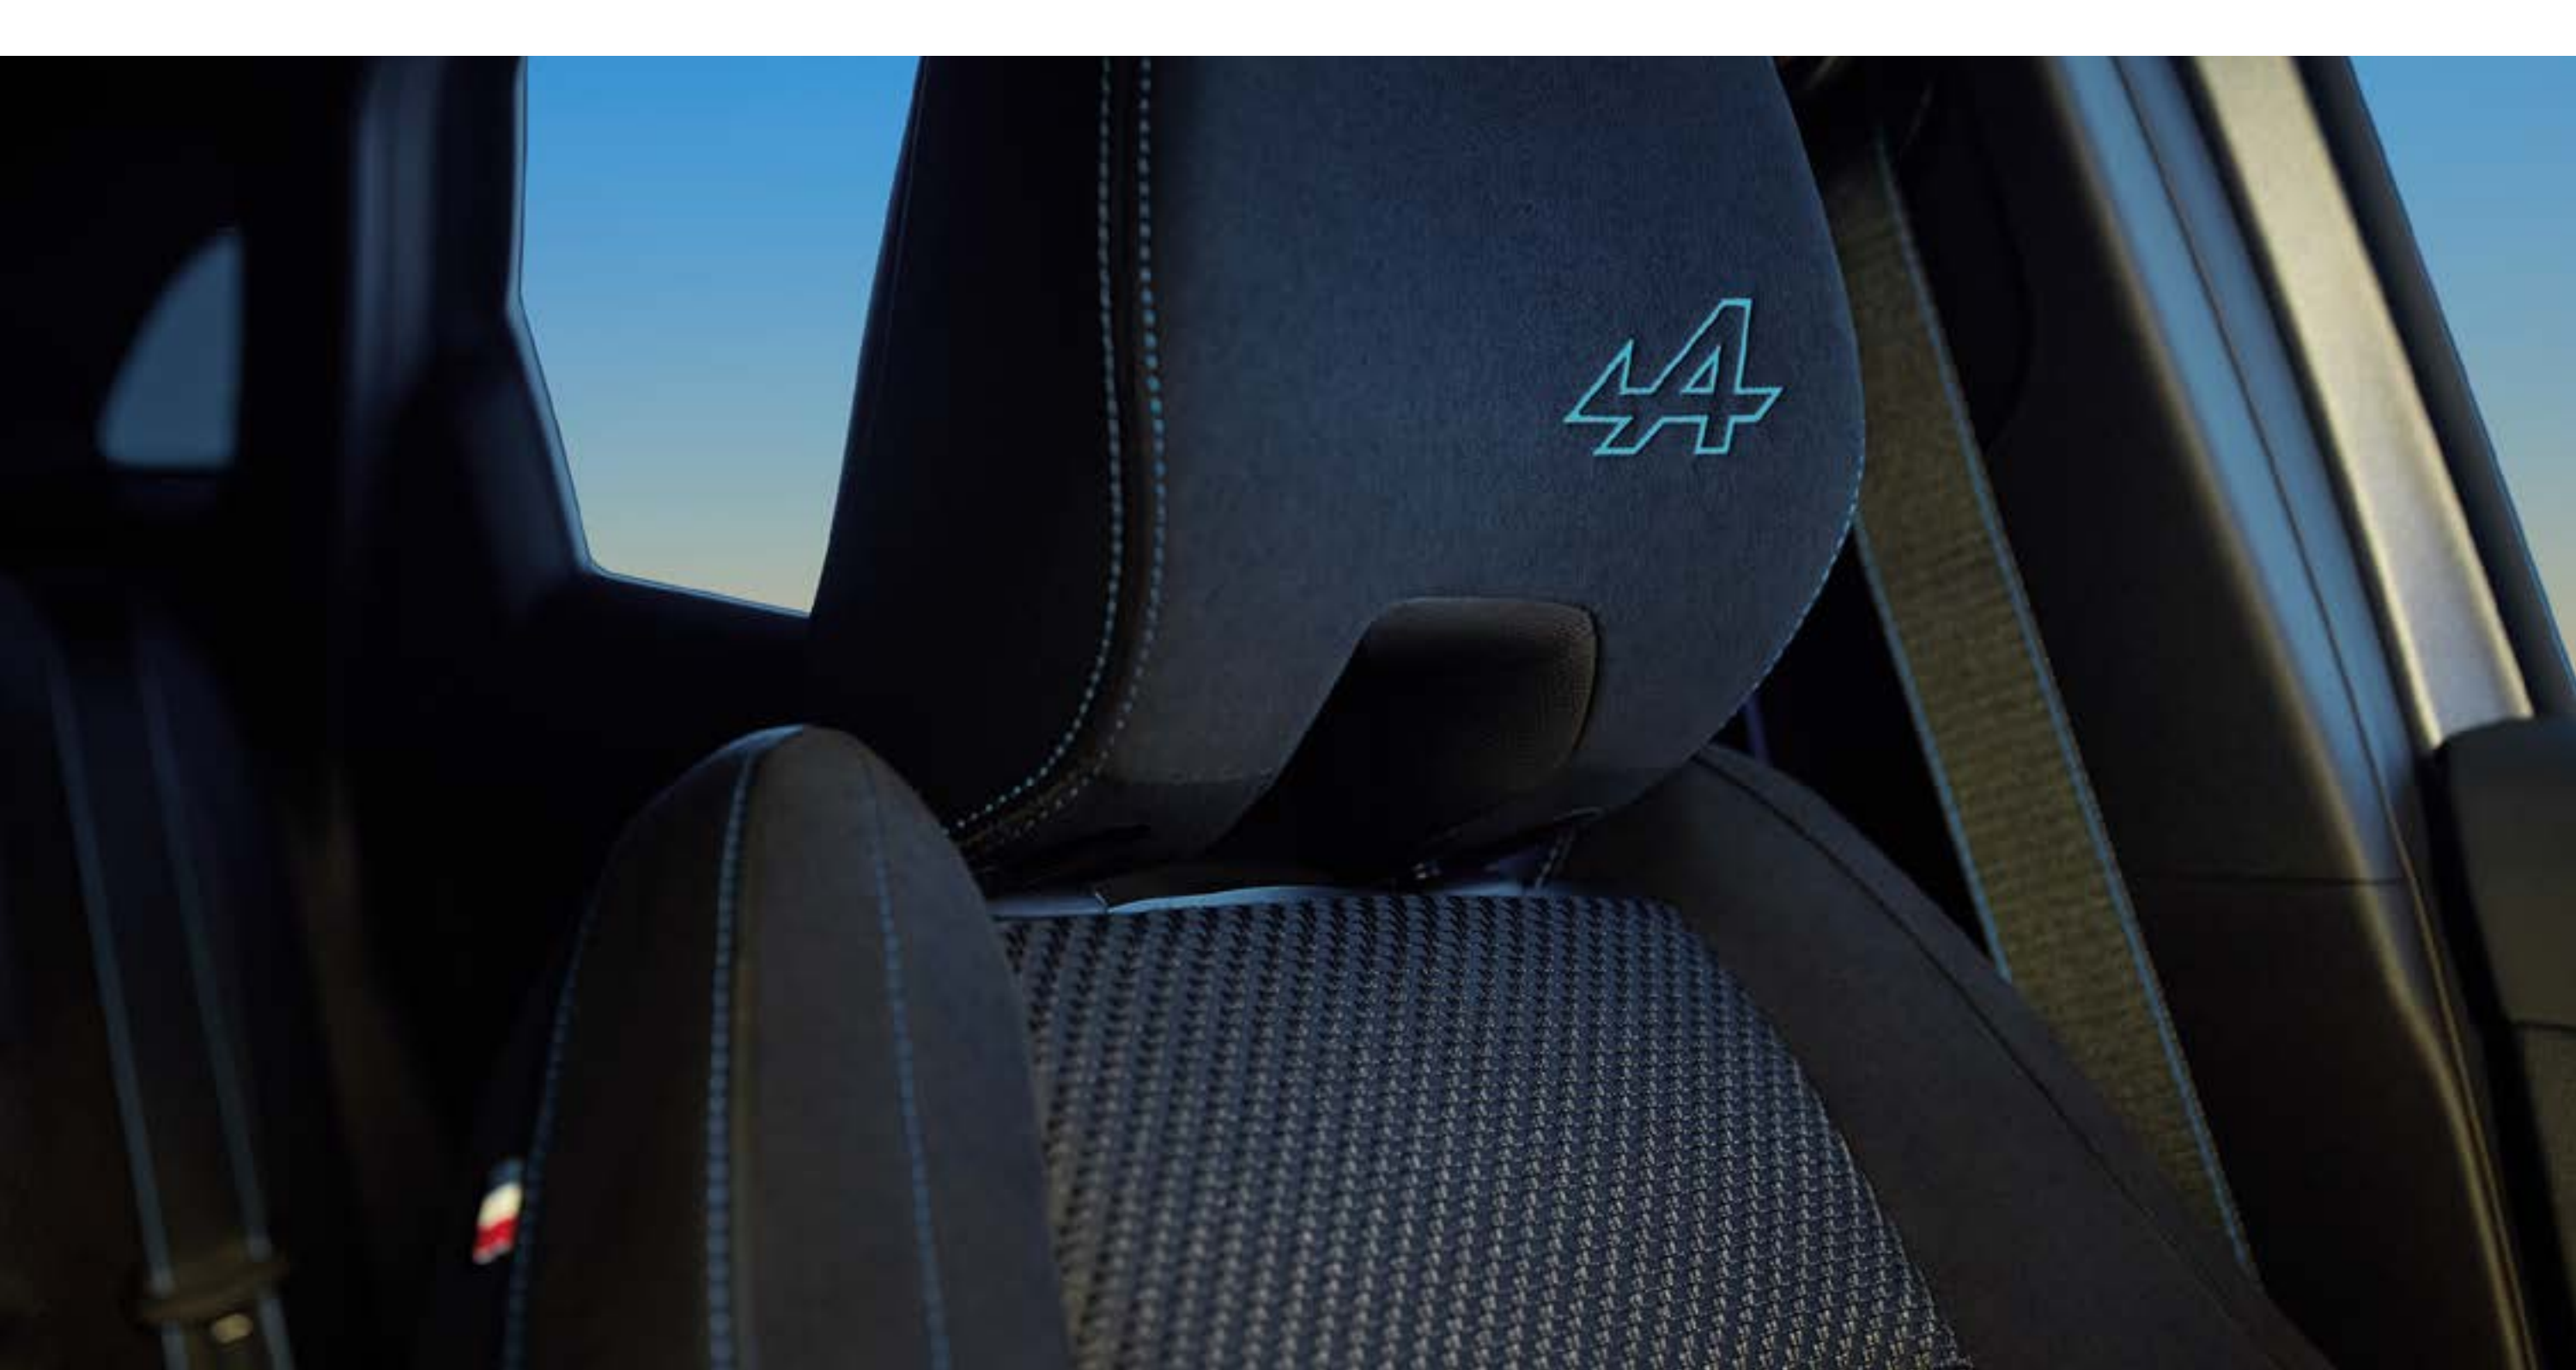

20" daytona black diamond-cut alloy wheels with smoky grey clearcoat⁽²⁾

esprit Alpine badge⁽²⁾

The esprit Alpine Alcantara® fabric upholstery is enhanced with blue top-stitching, the headrests feature exclusive embroidered motifs, and the aluminium pedal unit energises the cockpit. As a final touch, the textured Alcantara® coated steering wheel has blue, white and red stitching.

(1) depending on version.

(2) available on esprit Alpine versions.

on-board technologies

To optimise the driving experience, the controls are oriented towards the driver and the most important information is directly beneath their eyes and in the drivers eye line with the head-up display⁽¹⁾.

Don't take your eyes off the road: the new 9.3" head-up display⁽¹⁾ projects essential information on to the windscreen.

find your speed, driver-assistance systems and navigation on the head-up display⁽¹⁾

Engine response and sound, steering firmness, ambient lighting and driver screen configuration. With multi-sense, customise your vehicle with up to 4 driving modes available for a unique driving experience.

sport mode: intense driving pleasure

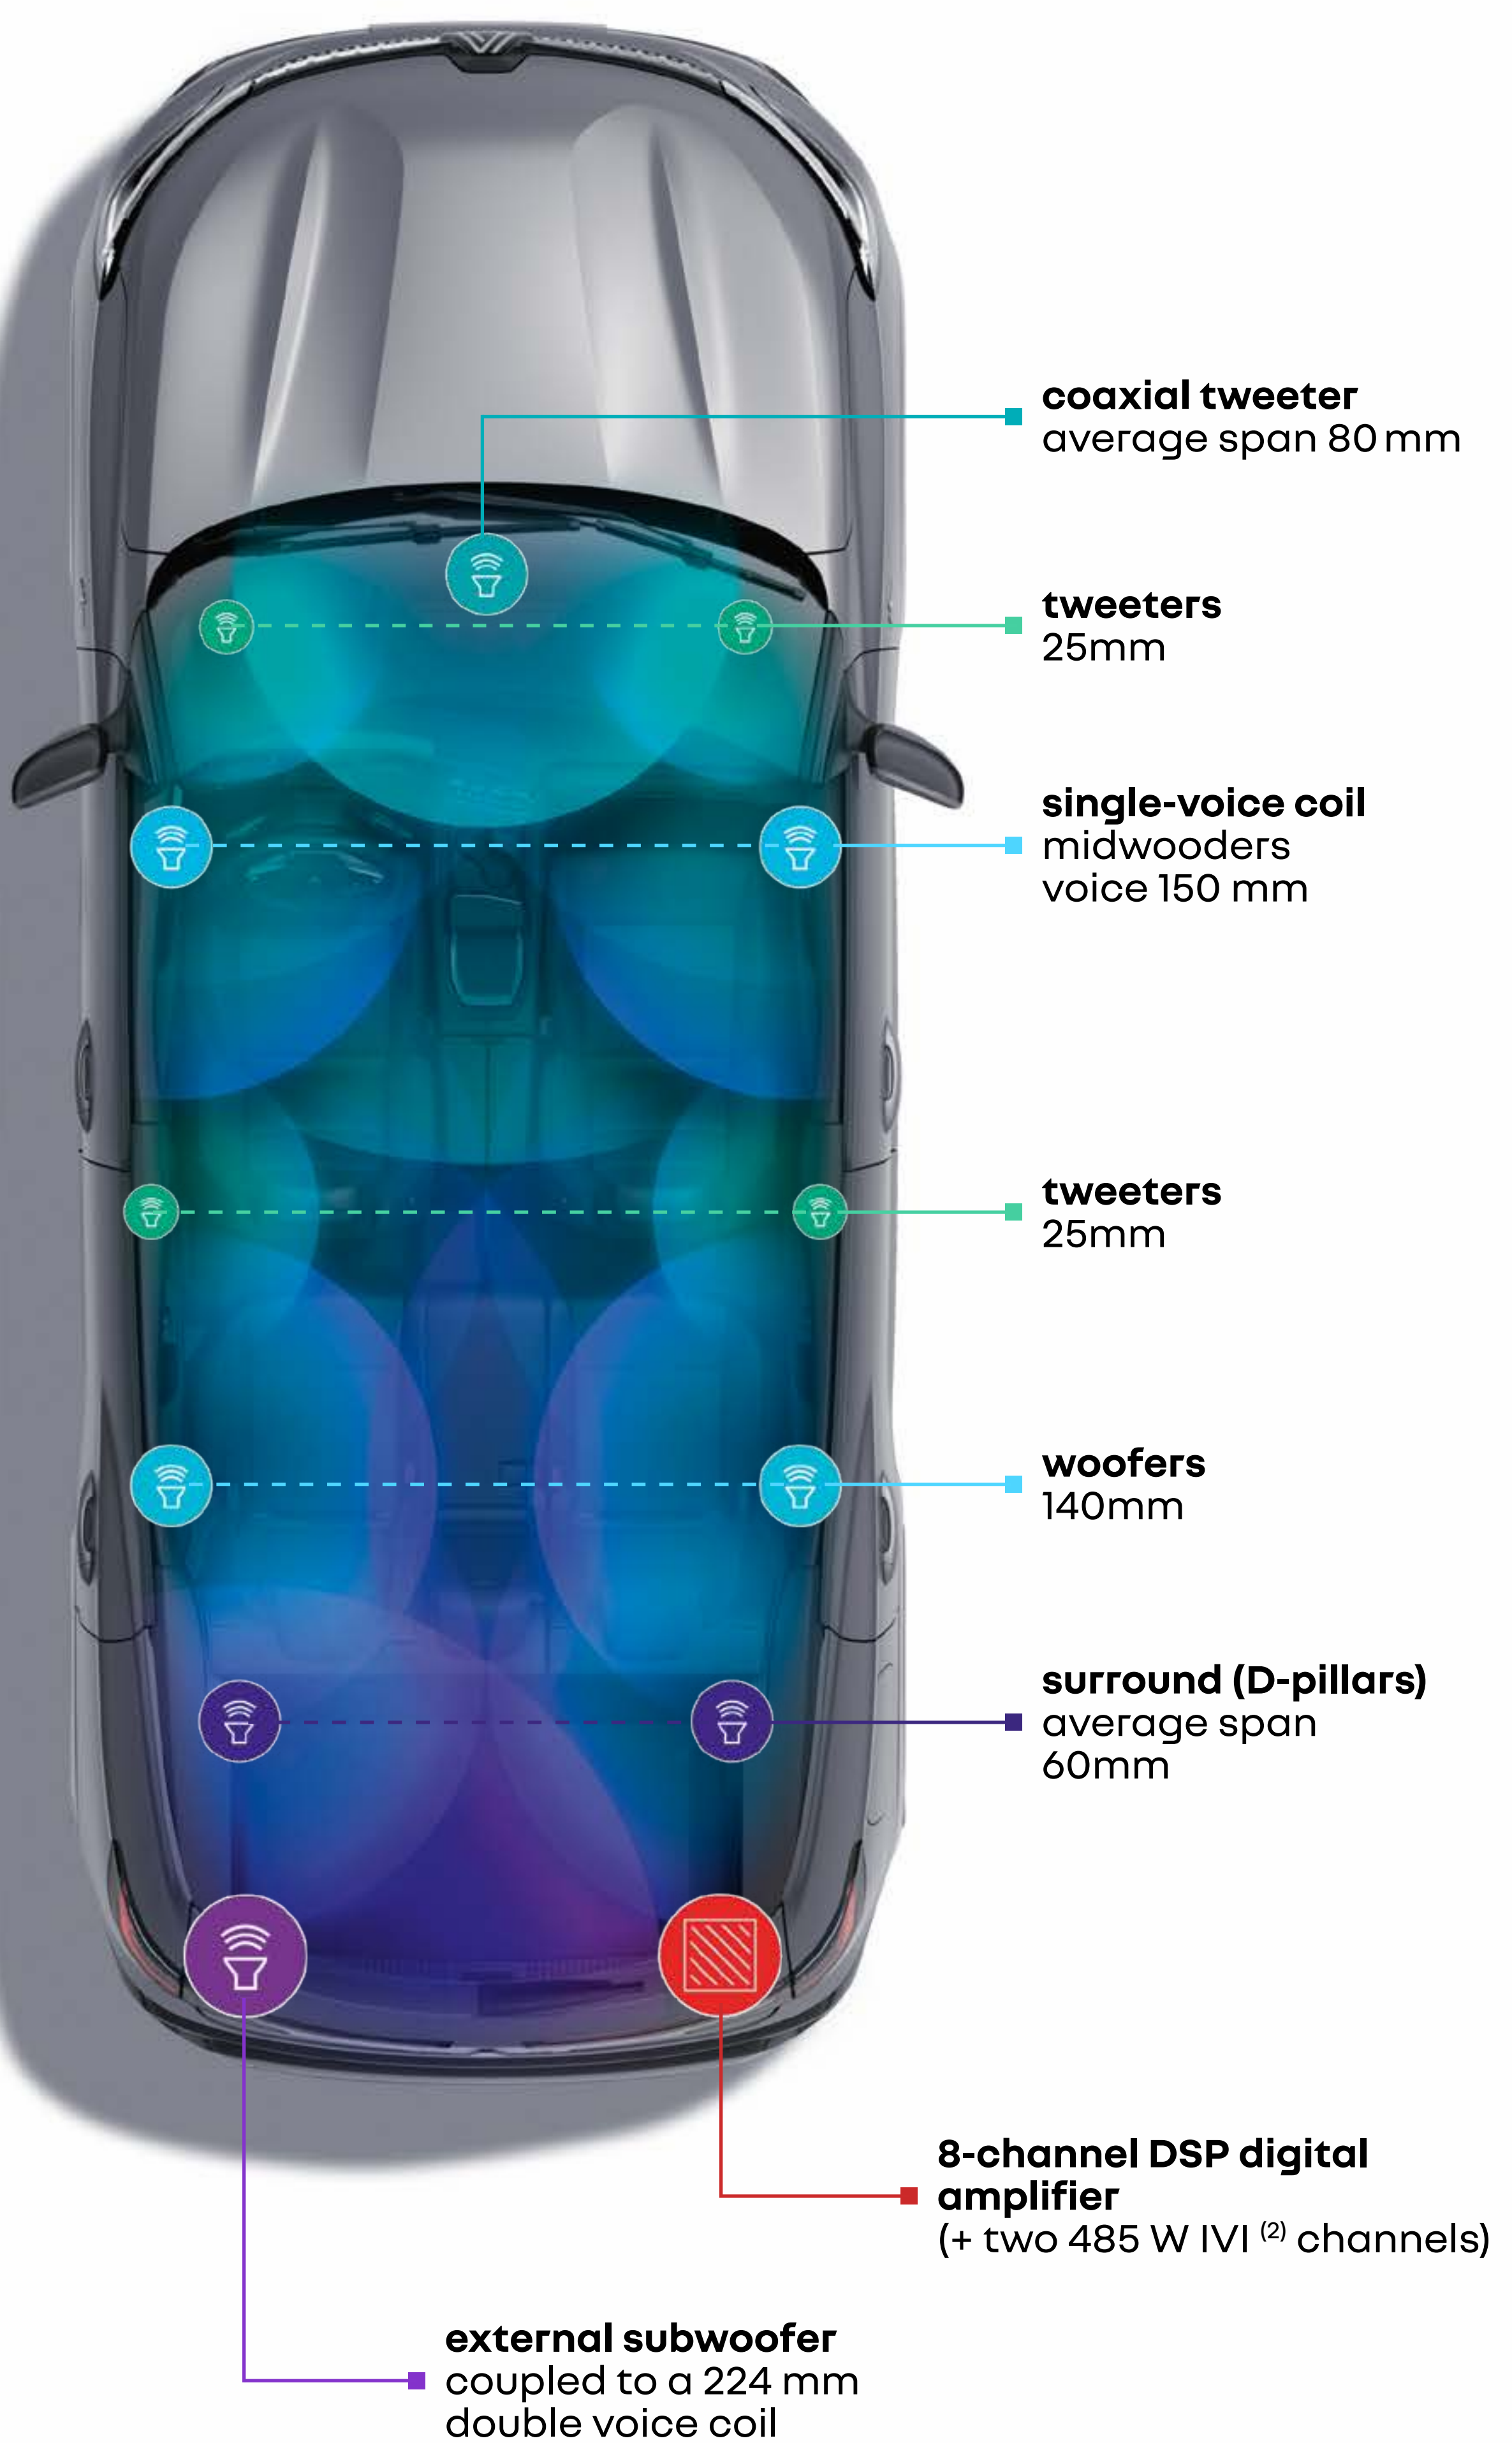

eco mode: optimised fuel consumption.

other modes available are:
comfort mode: combines safety and driving comfort
perso mode: a fully customisable driving experience

(1) on esprit Alpine versions.

high-fidelity sound Harman Kardon⁽¹⁾

Enjoy an immersive sound experience with the new and exclusive Harman Kardon⁽¹⁾ system that delivers 485 watts of power through 12 speakers positioned around the passenger compartment.

(1) available on iconic esprit Alpine version.
(2) on-board Infotainment (IVI).

06. advanced driver-assistance systems

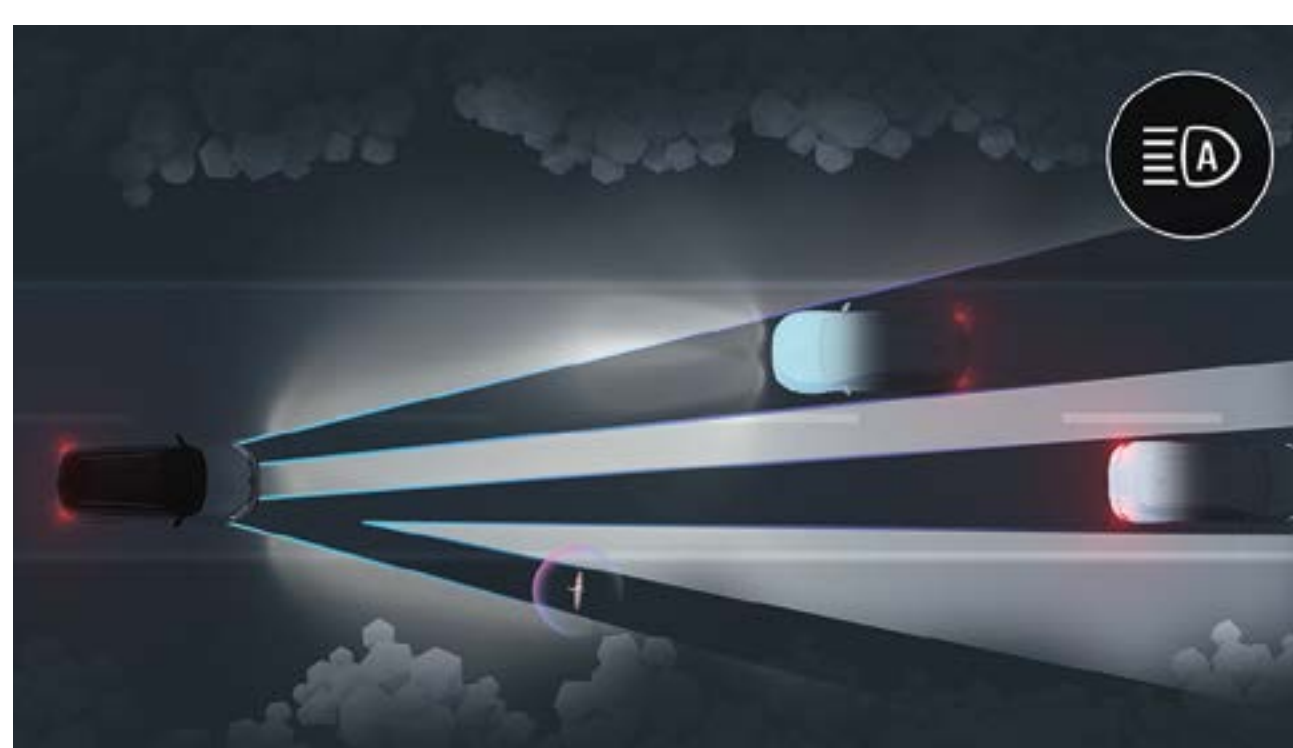

up to 30 advanced driver-assistance systems⁽¹⁾⁽²⁾

Renault Austral full hybrid E-Tech offers up to 30 advanced and innovative driver-assistance systems.

adaptive cruise control

It maintains a safe distance between you and the vehicle in front by activating the brakes when the distance is too short and the accelerator when the road is clear again.

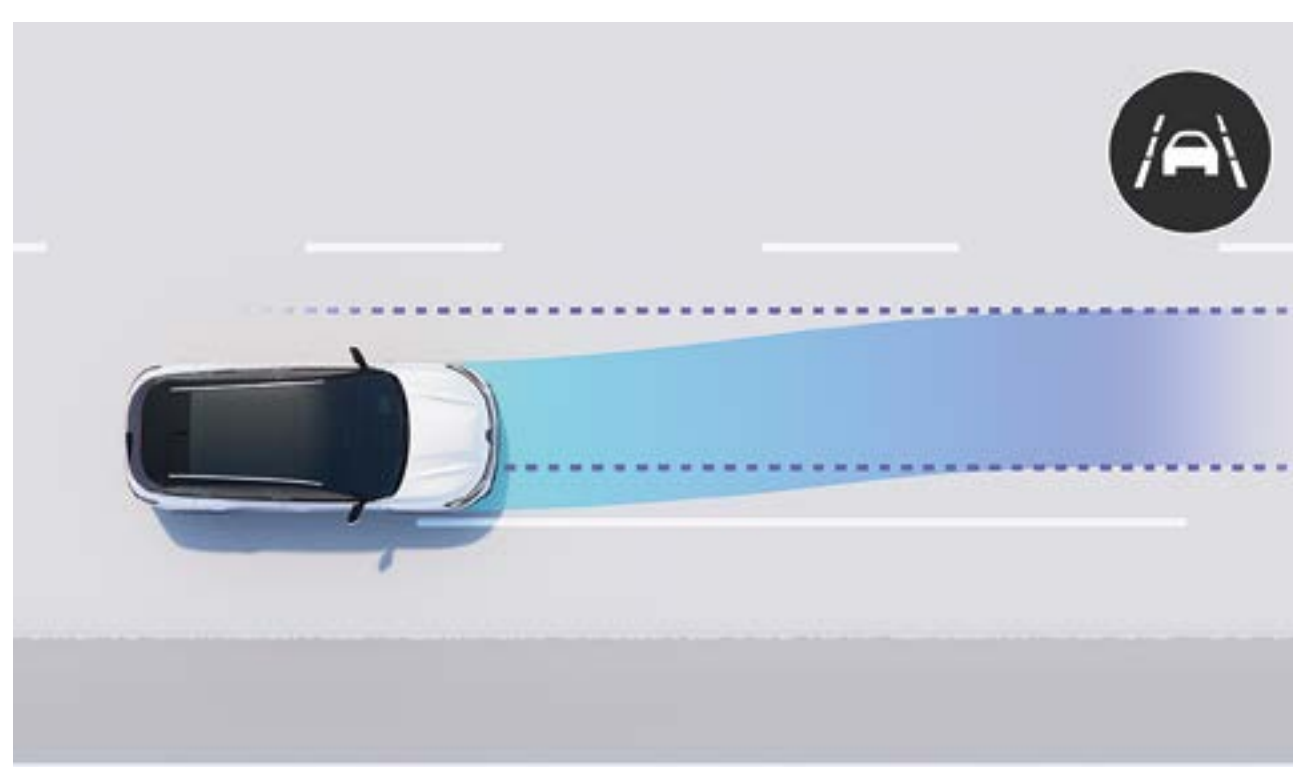

Matrix Vision LED headlights

The system automatically adjusts the light beam shape to the traffic and weather conditions to avoid glare and optimise night vision.

rear automatic emergency braking

Comes into action if it detects any obstacles whilst reversing the car, if a risk of collision is detected the brake force is increased, if the driver fails to react following an alert of an imminent collision, the system activates the brakes.

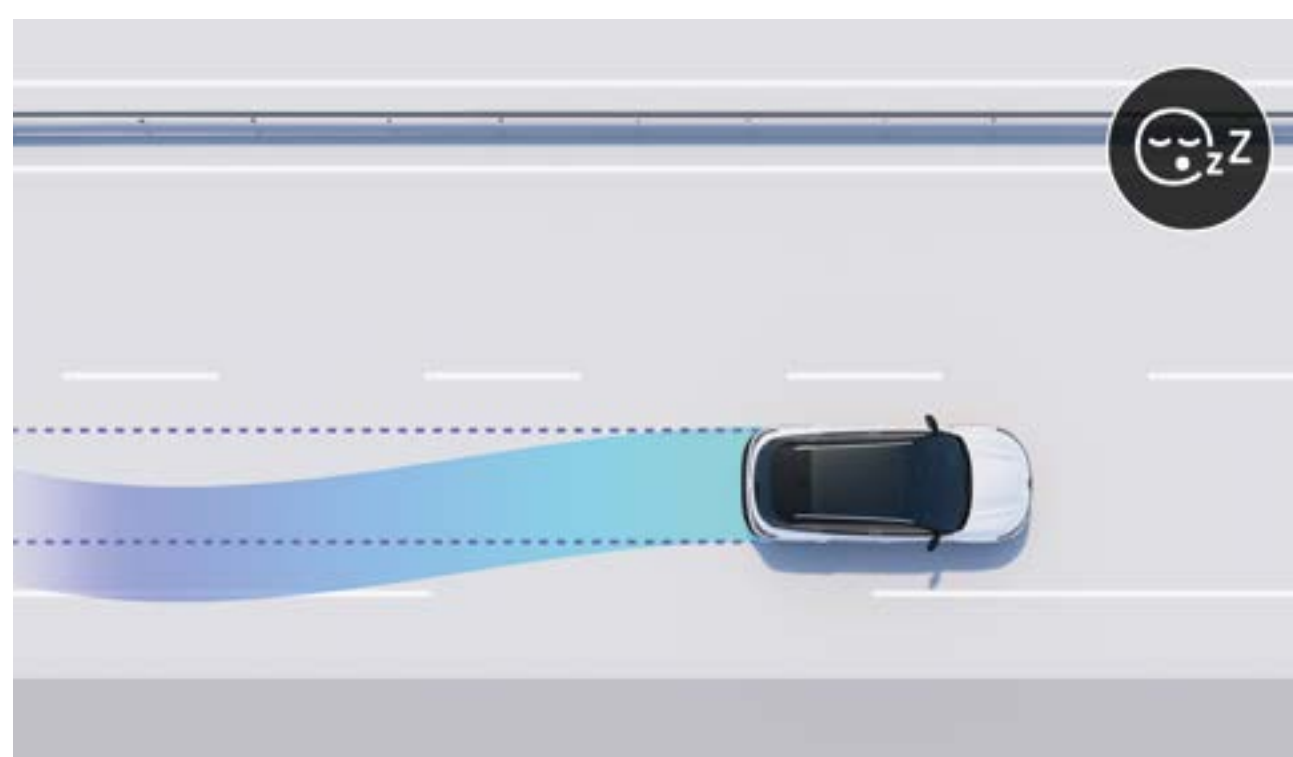

lane keeping assist

Active from 40mph, the system uses the front camera to detect unintentional crossing of a broken line (without activating the turn signal). It acts on the steering wheel to assist the driver in bringing the vehicle back into its lane.

360° view 3D camera

4 cameras, whose images recreate the vehicle's direct environment 360° around it, allow you to perform your manoeuvres effortlessly.

driver attention alert with drowsiness warning

This system warns the driver if fatigue is detected via an audible alert and a message on the dashboard, detection is based on analysis of the drivers reactions.

driving

- active driver assist⁽³⁾
- hill start assist
- 9.3" head-up display (210 cm²)
- distance warning alert
- cruise control
- adaptive cruise control
- automatic wipers
