Renault Tailor-Made Conversions

The Renault TRAFIC Access Platform adaptations are part of Renault's Tailor-Made Conversion range.

The range comprises of popular specialist vehicle types such as Refrigerated Vans, Minibuses, Grounds Maintenance Vehicles and Welfare vehicles.

The Tailor-Made range offers a standard specification based on the expert collaboration between Renault and our accredited converter partners.

The specifications have been developed to meet common requirements however, they can be adapted to suit specific customer requirements, providing a truly tailor made solution.

Our Tailor-Made range has been developed in partnership exclusively with converters who have received Renault approval after being assessed on their technical and quality standards by a dedicated team from Renault. A list of these can be found at www.conversions.renault.co.uk

Although every effort has been made to ensure that the information contained within this brochure is as accurate and up to date as possible, Renault U.K. reserves the right to modify its models without notice, including their characteristics, specifications, equipment and accessories. Brochures inevitably become out of date or inaccurate in some respects, in that such characteristics, specifications equipment, or accessories may be changed after the publication date given below and can differ from the descriptions given or the photos displayed. It is therefore necessary to check with your Renault Dealer before purchasing any product that the characteristics, specifications, equipment or accessories of the vehicle on order are as advertised. The colours that appear in this document may differ slightly from the actual paint and upholstery colours.

Renault recommends 

 Prodigious
