

MOBILIZE

BEYOND AUTOMOTIVE

MOBILIZE CHARGE PASS

List of rates May 2024*

✂ List of rates in UK

Rates are defined according to the maximum power of the connector:

- 43kW max in AC charging (AC : alternating current)
- 50kW max in DC charging (DC : direct current)
- >50kW (350kW max) in DC charging, HPC connector (high power charger)

The billing units for charging may vary depending on regulatory requirements in different European countries (e.g. £/kWh, £/min or fixed price per charge).

To figure out the applicable rate per charging connector, please consult the updated list of rates. Rates are subject to change.

Please check the applicable rates on your My Renault application before you start charging.

| UK | Mobilize Basic | Mobilize Intense |
|---|---|------------------------|
| Starting Rate | £0/month | £4.99/month |
