drive the sensation

You're bound to be in the spotlight when you drive the bold Renault Kiger. The C-shaped signature LED tail lamps, reclining roof, and high ground clearance create a distinct appeal.

The finest details, like the chrome front grille, 40.64 cm diamond cut alloy wheels, sporty red calipers, rear spoiler, and LED headlamps with LED DRLs, reflect the SUV's cohesive design philosophy.

tri-octa LED pure vision headlamps

40.64 cm diamond cut alloy wheels

all about the power

Experience a host of responsive features designed for a bold SUV. With a turbo-charged engine under the hood and an effortless driving experience enhanced by multi-sense drive modes, Renault Kiger truly combines the best of performance and efficiency.

multi-sense drive modes

Take control of your adventures, be it in the city or out on the highway. Cruise in the normal mode, switch to the fuel-efficient, eco mode or enjoy dynamic driving with sport mode.

17.78 cm reconfigurable TFT cluster

stay well-connected

Discover true convenience from the get-go with Renault Kiger's smart access card with remote engine start feature. Unlocking the car initiates a welcome sequence, automatically unfolding the ORVMs as you approach.

Begin your journey with a push of the start button. Seamlessly link your smartphone to the 20.32 cm floating touchscreen via wireless replication, all while it charges wirelessly. Elevate your comfort with the take-a-break reminder, which prompts you to pause for refreshing stops on long drives.

wireless smartphone charger

05. safety

17 standard safety features

As part of the Human First program, Renault Kiger comes with 17 standard safety features to ensure your safety and that of the passengers.

electronic stability program
Automatically corrects your car's trajectory so you avoid dangerous skids.

rear seat belt reminder
Designed to alert the rear seat passengers to buckle up for a safe drive.

traction control system
Limits wheel slip during starting, acceleration and braking.

front & side airbag - driver & passenger¹
Four airbags¹ offer increased protection.

hill start assist
Maintains brake pressure for two seconds, preventing rollback when you move away on a steep slope.

tyre pressure monitoring system
Displays the tyre pressure status in real-time.

17 standard safety features

- rear seat belt reminder
- front airbags
- ABS
- EBD with brake assist
- electronic stability program
- tyre pressure monitoring system
- traction control system

the human first program is a comprehensive safety program developed by Renault in collaboration with researchers, experts and the fire service.

because road safety concerns all road users, whether they are pedestrians, cyclists or motorists. the human first program by Renault undertakes to:

1. prevent accidents by developing safety equipment and advanced driving and safety assistance systems

up to 36 advanced driving assistance systems / more than 60 safety systems, up to 7 airbags, child seats (ISOFIX), Renault's Fixe4sure solution / more than 2 000 safety-related patents filed since 1970

2. reduce the number of accidents and their severity by investing massively in R&D

safety score / safety coach / connected services / big data / artificial intelligence and cybersecurity systems
