modern aesthetics

Renault Kwid commands attention wherever it goes. This compact car boasts an urban yet athletic design, aerodynamic shape, and dual tone finish.

Featuring a stylish front grille, chrome accents, silver streak LED DRLs, and dual tone flex wheels, Renault Kwid exudes a bold look.

tail lamps with LED light guides

dual tone multi-spoke flex wheels

an elevated experience

The goal is to make driving effortless and entertaining for every generation. Equipped with a line-up of the smartest features, Renault Kwid delivers the promise.

Bring every drive to life through a best-in-class 20.32 cm touchscreen mediaNAV¹ (with Android Auto™ and Apple CarPlay™ compatibility²), an LED digital instrument cluster, and hands-free calling.

04. safety

15 standard safety features

As part of the human first program, Renault Kwid comes with 15 standard safety features to ensure your safety and that of the passengers.

electronic stability program
Automatically corrects your car's trajectory so you avoid dangerous skids.

reverse parking camera with guidelines¹
Enhances parking precision in tight spots by providing visual assistance.

traction control system
Limits wheel slip during starting, acceleration and braking.

dual airbags
Provide crucial protection by minimising the impact of collision.

hill start assist²
Maintains brake pressure for two seconds, preventing rollback when you move away on a steep slope.

tyre pressure monitoring system
Displays the tyre pressure status in real-time.

15 standard safety features

- rear seat belt reminder
- tyre pressure monitoring system
- speed alert warning
- front seat belts with load limiter
- seat belt with pretensioner (driver only)
- electronic stability program
- front driver airbag
- front passenger airbag
- driver & passenger seat belt reminder
- reverse parking sensors³
- ABS
- EBD with brake assist
- pedestrian protection
- rear door child lock
- hill start assist²
- traction control system
- reverse parking camera with guidelines¹

¹reverse parking camera available in RXT and climber versions only
²hill start assist available in easy-R versions only
³reverse parking sensors available till RXL (O) version only

the human first program is a comprehensive safety program developed by Renault in collaboration with researchers, experts and the fire service.

because road safety concerns all road users, whether they are pedestrians, cyclists or motorists. the human first program by Renault undertakes to:

- 1. prevent accidents by developing safety equipment and advanced driving and safety assistance systems**
up to 36 advanced driving assistance systems / more than 60 safety systems, up to 7 airbags, child seats (ISOFIX), Renault's Fixe4sure solution / more than 2 000 safety-related patents filed since 1970
- 2. reduce the number of accidents and their severity by investing massively in R&D**
safety score / safety coach / connected services / big data / artificial intelligence and cybersecurity systems

[find out more about the human first program](#)

now with CNG
