My Renault app: the link between you, your Renault and your smartphone

to get the most out of your Renault, synchronise your My Renault app with your car through these simple steps

my vehicle is equipped with openR link

first, make sure you have downloaded My Renault app on your smartphone, created your account, and that you have your credentials in hand

- 1 open the My Renault app on your smartphone and enter the VIN number to add your vehicle.
- 2 your vehicle will appear on the app home screen with the option "connect your vehicle".
- 3 get into your car, ensure network coverage, and switch on the infotainment screen.
- 4 on the car screen, accept data sharing with Renault and open the notifications panel by swiping down from the top.
- 5 in the My Renault app, tap "connect your vehicle" and follow the instructions to send the OTP.
- 6 the OTP will appear on your car's infotainment screen. Enter the OTP in the app to complete the vehicle pairing.
