

## RENAULT INDIA COMMENCES DELIVERIES OF BS6 STEP 2 COMPLIANT KIGER and TRIBER AMT WITH ENHANCED SAFETY FEATURES

*The company has recently launched Human First strategy which focuses on enhancing safety feature and efficiency*

**New Delhi; June 7, 2023:** Renault, the leading European brand in India, is thrilled to announce the commencement of deliveries for BS6 step 2 compliant KIGER and TRIBER AMT adhering to its Human First programme focused on safety.

The much-awaited Renault KIGER AMT and TRIBER AMT range comes equipped with enhanced class leading safety features under Human First initiative. Packaged with segment leading safety features the cars are priced between INR 8.47 lacs and INR 8.12 lacs ex-showroom Delhi. The entire variants of Renault KIGER and TRIBER come with innovative and advanced safety features that are designed to minimize the risk of accidents and improve overall safety.

The complete range of Renault KIGER and TRIBER come with innovative and advanced safety features as part of the **Human First Program** which is designed to minimize the risk of accidents and improve overall safety for occupants and pedestrians alike. As part of this program, Renault has upgraded and introduced new and enhanced safety features across all its product range in India, that are designed to minimize the risk of accidents and improve overall safety. Under the Human First Program, Renault India's product line-up boasts of innovative and class leading safety features such as **Electronic Stability Program (ESP)** for enhanced control on curvy roads, catering to both amateur and experienced drivers, **Hill Start Assist (HSA)** which prevents car roll-back when starting uphill after braking, **Traction Control System (TCS)** that identifies wheel speed irregularities, automatically reducing spins to maintain grip on slippery surfaces and prevent accidents and **Tyre Pressure Monitoring System (TPMS)** which provides real-time alerts for under-inflated or punctured tyres in the vehicle.

Renault KIGER, an outcome of a collaboration between the design teams in France and India, has been instrumental in driving India among Renault's top five global markets. Powered by world-class 1.0L Turbo petrol & 1.0L Energy Petrol engine, Renault KIGER offers enhanced driving experience and comfort with XTronic CVT & 5 Speed Easy-R AMT transmission. Renault KIGER is one of the most affordable offerings in the compact SUV segment with cost-effective maintenance. Kiger not only offers more performance and a sporty drive, but also boasts best in-segment fuel efficiency of **20.62 KM/L**. Renault KIGER has also been awarded with the **4-Star Safety Rating** for Adult occupant safety by **Global NCAP**, the foremost global car assessment programme. For driver & front passenger safety, the Renault KIGER comes equipped with four airbags – front and side along with seatbelts with pre-tensioner and load-limiter (for driver occupant).

India's safest 7-seater, Renault TRIBER has been greatly valued by the customers for the proposition that it offers in terms of outstanding quality, modularity and attractive design with superior value packaging. In addition to all the features of Renault TRIBER it offers the best level seating space in

all rows and offers one of the largest boot space of 625L in its category. It is built with best level safety features and boasts of a **4-Star Safety Rating** for Adult occupant safety by **Global NCAP**.

As Renault India commences deliveries of BS6 step 2 compliant KIGER and TRIBER AMT range, the company remains committed towards offering products that delivers the highest global standards of safety to the Indian customers. Renault has achieved a significant milestone of having over 9,00,000 satisfied customers across India.

Customers looking to own the sporty, smart, and stunning Renault KIGER and India's safest 7-seater TRIBER, can book the car through **450+** number of authorized Renault dealerships present across **29 states**, ensuring a seamless and hassle-free experience.
