

Renault Triber 2026 gets more premium with segment first features

The upgraded Renault Triber 2026 adds first-in-segment features like automatic air conditioner and 2nd row one touch fold & tumble

- **Modern and Premium Cabin:** A welcoming and modern dual tone dashboard with floating 20.32 touchscreen.
- **Segment-best space:** Along with unique modularity and best-in-class practicality, the new 2nd row full fold seat feature enhances the boot capacity upto 1065 litres, best in segment by far.
- **Available in four variants:** Authentic, Evolution, Techno, and Emotion priced between INR 5.80 Lakhs and INR 8.00 Lakhs (ex - showroom)
- **Added value across trims:** Key features such as Driver seat height adjustment, driver armrest, rear defogger and electrically foldable ORVM now available from techno variants

New Delhi; April 29, 2026: Driving value-driven premium-ness, Renault India, a fully owned subsidiary of the French carmaker Renault, has launched the upgraded new Renault Triber 2026 with enhanced features and technology.

The thoughtful upgrades and addition in the new Triber 2026 are focused towards making its superior features and comfort for the family car buyers more accessible by enriching the entry and mid variants. With all the most sought-after family in the segment comes in an attractive price range of priced between INR 5.80 Lakhs and INR 8.00 Lakhs (ex - showroom).

Commenting on the launch, Francisco Hidalgo Marques, Vice President, Sales & Marketing, Renault India said: *"The Second-Generation Renault Triber has been celebrated as the ultimate family car in the segment, and with this thoughtful upgrade we've taken practicality and comfort to the next level. By introducing segment-first features like automatic air conditioning, full-fold second-row seats with best-in-class boot space, and the standard one-touch tumble function for easy third-row access, we are reaffirming our commitment to delivering unmatched value to our customers. We are confident that these enhancements will strengthen Triber's position as the first choice for families across India."* said Francisco Hidalgo Vice President, Sales & Marketing, Renault India.

Embodying its versatile proposition, The Renault Triber 2026 focuses on enhancing everyday usability and comfort, with several new features introduced across the variants. The car also has a very welcoming and best in segment cabin with modern dual tone dashboard with floating 20.32 touchscreen.

Additionally, the second-row seats now fold completely, offering a massive 1065 L of boot space.

With over 2 Lakh proud owners of Triber in India and a growing presence across global markets, the Renault Triber continues to be a key pillar in Renault's India strategy.

Enriched Variants

The Evolution variant is upgraded with steering-mounted audio & phone controls, day & night adjustable IRVM, and rear room lamp.

The Techno variant receives key upgrades including a driver seat armrest, driver seat height adjuster, rear defogger, 12V socket for the 3rd row, 2 front tweeters, and electric foldable ORVMs, while the top-end Emotion variant is now equipped with all-new automatic climate control for enhanced comfort. Creating a premium value with a starting price of INR 8.0 Lakhs (Ex-showroom).

Unique Modular Design

The upgraded 2026 Triber continues to offer unmatched flexibility with its 5, 6, and 7-seater configurations. With segment-leading roominess and adaptable seating, the Triber remains uniquely positioned to cater to diverse lifestyle needs. Inside, the Triber offers a modern dualtone dashboard with 20.32cm floating touchscreen with wireless android auto & apple car play.

21 standard Safety Features

In line with Renault's commitment to safety, the Triber 2026 continues to offer a comprehensive 21 standard safety package, including 6 airbags, ABS with EBD, and tyre pressure monitoring systems, electronic stability control - overall 21 safety features as standard ensuring peace of mind for customers.

The Renault Triber 2026 delivers a maximum power output of 72 PS at 6250 rpm and peak torque of 96 Nm at 3500 rpm. Transmission options include a 5-speed manual available across all variants and an automatic transmission available in Top variant. Reinforcing its customer-centric approach, it also comes with a 3-year standard warranty, extendable up to 7 years with unlimited kilometre coverage under the Renault Secure program, further enhancing ownership confidence.
