

# New Renault Duster TCe Turbo 160 Achieves ARAI-Certified Fuel Efficiency of 18.45 km/l

New Delhi, March 25, 2026: Renault India announces the ARAI-certified fuel efficiency figures for new Renault Duster powered by Turbo TCe 160 engine. The new Renault Duster equipped with the segment's most powerful turbo-petrol engine delivers an impressive fuel efficiency of 18.45 km/l with the DCT automatic transmission and 17.75 km/l with the 6-speed manual transmission.

*Speaking on the development, Dr V Vikraman, Chief of Renault Engineering, Renault Group India said, "The ARAI-certified figures highlight the strength of our technology and our commitment to delivering superior all-round value. New Renault Duster's Turbo 160 engine integrates advanced solutions such as low-friction coatings and high-pressure fuel injection to optimise combustion and efficiency. Paired with Renault's latest DCT automatic transmission, which ensures fast and seamless gear shifts, the powertrain delivers an excellent balance of performance and fuel efficiency while remaining strong and responsive on the road."*

The new Renault Duster has been engineered for Indian driving conditions, combining strong performance with the best-in-class ride and handling. The Turbo TCe 160 engine produces 163 PS of power and 280 Nm of torque, making it the most powerful offering in its segment. Thanks to Renault's smart engineering and optimized powertrain design, the new Duster offers a compelling blend of exceptional performance along with and class-leading fuel economy.

## ABOUT RENAULT

Renault, a historic mobility brand and pioneer of electric vehicles in Europe, has always developed innovative vehicles. With the 'Renaulution' strategic plan, Renault has embarked on an ambitious, value-generating transformation, moving towards focused on delivering a more competitive, balanced, and electrified range.
