

openR link

in vehicle tethering

easily share your smartphone's internet connection to use the apps you've downloaded in openR link

enjoy the apps in openR link

With Google built-in, you can download your favorite apps directly to the openR link multimedia system. To enjoy all features, simply activate the dedicated data plan⁽¹⁾.

If your vehicle does not include the connectivity offer with the integrated data plan, you can still use your smartphone's tethering.

Over 100 apps available

Prime Video is a streaming app that brings stories from around the world to your screen. From exclusive Amazon Originals to global hits, Prime Video lets you watch what you love, when you want.

Radioplayer for Renault is a smart radio app designed for the road. It brings together live stations, podcasts, and music, all in one place. Stay connected, entertained, and in control while you drive.

Vivaldi Browser is an efficient, fast, and privacy-respecting web browser.

Discover **Nextory**, the ultimate app for reading enthusiasts. Enjoy access to audiobooks, e-books, and magazines.

HBO Max is the premier global streaming platform from Warner Bros. Discovery that delivers the most unique and captivating stories, ranging from the highest quality in scripted programming, movies, documentaries, true crime, adult animation, and live sports and news.

With **SongPop** For Renault get ready for an exciting music quiz game, perfect for car journeys and suitable for everyone. Challenge your loved ones and create unforgettable moments on the road.

Waze is a community-based navigation app that shares information in real time.

Take to the road while listening to playlists, and much more, with **Amazon Music**, included with your Amazon Prime subscription.

(1) Using the apps requires a dedicated internet plan. For the new Renault Clio, the new Renault Twingo, and all other models delivered from Spring 2026 onward, if equipped with Google built-in and depending on the country: a data allowance of 2 GB per month for 3 years, or for the duration of your contract with Mobilize Financial Services (all contracts except standard credit), is included with the purchase. For other vehicles, you can subscribe to a paid offer from our partner Orange, with the first 3 GB offered (valid for 6 months, with no commitment). All Google trademarks are the property of Google LLC.

set up your smartphone's wifi tethering to connect it to your vehicle

on your smartphone

1. iphone: go to "settings" menu then "personal hotspot" to enable the hotspot function, and take note of the associated password

android: go to "settings", then depending on your smartphone brand, select "connections" and/or "mobile hotspot/tethering" to enable the hotspot function, and then display the associated password

in your vehicle

2. on the openR link screen, tap the "vehicle" icon and select "settings"

3. in "network & internet", enable wifi to select your smartphone's network

4. enter the password associated with your smartphone's hotspot to complete the setup

video tutorial

optimize the hotspot connection

Once configured, remember to reactivate your smartphone's tethering before each time you start your vehicle.

Using a USB cable will make your connection more stable and help prevent your smartphone from overheating.
